# ELECTIVE COURSES SPRING 2027

## Outline spring term 2027

| | |
|---|---|
| **Study Period 1**<br>**Study Periods 2-4** | **Core:** GM0754 Economic Research Process (7,5 credits)<br>**Elective courses:** 22,5 credits in total |

**NOTE!** To obtain an MSc in Economics Degree you must accumulate a total of 120 credits, of which at least 90 credits are courses in economics. Since the core courses in economics are 75 credits, you must take at least 15 credits elective courses in economics during the programme elective periods (year 1, spring term and year 2 autumn term). Courses within the economics area are courses from the economics (GM07XX) and finance (GM10XX) programmes.

## Important!

- **On Monday 30th November, you will receive a unique link** (to your Ladok registered email), that will take you to the application form. The link in the email is personal, so do not let anyone else submit their choices via your personal link. You can revise your elective choices until the deadline by re-submitting the form. If you are having problems or you have not received your personal link, you should contact **Karin Jansson** (karin.jansson@gs.gu.se) at the Graduate School.

- Some courses are part-time and run parallel with each other. **They are not always compatible schedule-wise, and if you are considering part-time courses, check and make sure that the schedules match before you make your choice. It is not recommended to mix full-time and part-time courses in the same study period.**

- Courses with **pre-requisites** are noted in this document (marked with x). For these courses you need to check that you fulfil the pre-requisites in the course syllabus *before* sending your choices.

- All elective courses are 7,5 credits *apart* from the internship course (GM0765), which is 15 credits.

- If you are applying for the **internship course,** you should choose GM0765 and an *additional* 15 course credits in period 3 and 4 (in case your internship is not approved).

- For the next semester and for each study period, you will yourself register for your courses in Ladok. Registration for study period 1 is open **between 9th and 14th January**. Note that course registration is necessary for you to take part in the course, gain access to the course Canvas page, and to have your study results reported.

## Courses offered within the economics programme

| Code | Course name | Study Period | Full-time / Part Time |
|---|---|---|---|
| GM0740 | Advanced Microeconomic Theory 2 | 2 | Full-time |
| GM0755 | Advanced Industrial Organization | 3 | Full-time |
| GM0756 | Big Data Analytics for Business and Economics | 4 | Full-time |
| GM0765 | Internship for the Master's Programme in Economics | 3+4 | Full-time |

**The deadline for choosing courses is Monday 7th December at 11:00 hrs.**
**Make sure you have chosen 22,5 credits (37,5 credits if GM0765 included).**
**Choose carefully.**
**You cannot change courses after the deadline.**

## Information about the courses

### Click on the course code link to find:

**Content**: In the course syllabus

**Schedule:** Please note! The schedule is preliminary and can be updated until 2 weeks before the start of the course. If you wish to see schedules for more than one course at a time, enter the course codes in the preliminary schedule link for spring 2027.

**Literature:** Literature/Reading list for spring 2027 is available 8 weeks before the course starts.

**Examination dates**: Examination dates for written exams are noted in the schedule.

**Grading system**: In the course syllabus.

**Specific pre-requisites:** In the course syllabus. Some courses have pre-requisites in accordance with the entry requirements for a specific Master´s programme. For those courses, check that you fulfill the entry requirement in the relevant programme syllabus below:

- Programme syllabus Master of Science in Accounting and Financial Management

If the column "Specific pre-requisites" is blank, you are considered eligible. If you have questions regarding the pre-requisites, you are welcome to contact the student counselling.

**Ranking of candidates:** Some courses are very popular and have more applicants than available seats. In such cases, students are ranked by their number of university credits (maximum 285 credits). If the course is full, you will be contacted by email to make a new choice. We will also contact you if you have made an incorrect choice, or do not meet the entry requirements.

## Sustainability labelling of courses

Courses that are **sustainability-focused**, where at least one of the learning outcomes clearly shows that the course content meets one of the current sustainability criteria. In accordance with the criteria, the content with a focus on sustainability must also constitute the main focus of the course.

Courses that are **sustainability-related**, where at least one of the learning outcomes clearly shows that the course content meets one of the current sustainability criteria.

Criteria for sustainability labelling
