

Edith Cowan University

Exchange semester	Autumn semester 2025
Study level	Graduate (Master)
Home faculty at GU	Faculty of Science
Studies at GU	Environmental Sciences

Courses during exchange

- Integrated Environmental Management (SCI6110.1)
- Management of Waste (SCI5110.2)
- Geographical Information Systems and Remote Sensing (SCI6105.1)
- Biological Conservation (SCI5117.2)

Studies

The courses are done simultaneously, so four courses during the whole semester

Arrival, orientation and housing

There was no drop-in office where I could go if I had questions. So I had to manage mostly on my own

Finances

It is a little bit more expensive than Sweden

Life in a new country/culture

It was interesting

Overall exchange experience

It was good
