Courses during exchange

Chinese for international students D and E

Studies

The pace was very fast, but there were more hours in school.

Arrival, orientation and housing

Since I can speak a little Chinese it was pretty easy to find an apartment and settle in.

Finances

My apartment was pretty expensive compared to other apartments in Shanghai, around 7000 kr, but with CSN merkostnadslån it was no issue. Except the rent, all the other living costs were extremely cheap compared to Sweden, often less than half the price in Sweden.

Life in a new country/culture

The school had organized some club activities but I found it confusing, the info regarding clubs and club-meet ups were not that good.

Overall exchange experience

It was good, it was an experience I don't regret and will never forget.
