

# Griffith University

Exchange semester	Autumn semester 2025
Study level	Graduate (Master)
Home faculty at GU	School of Business, Economics and Law
Studies at GU	MSc International Business and Trade

## Courses during exchange

- 7111AFE Accounting and Governance - 10 CP
- 7113IBA Digital Transformation - 10 CP
- 7116IBA Data Resource Management - 10 CP
- 7232AFE Investments - 10 CP

## Studies

The course setup was the biggest difference. All "classes" were pre-recorded, while the in-person workshops each week served as the actual class sessions.

## Arrival, orientation and housing

It went smoothly, as I had friends in the area who helped me settle in. The university also offered several resources and support for international arrivals.

## Finances

The most significant differences were in rent and visa costs. Otherwise, living expenses were fairly similar to life in Sweden.

## Life in a new country/culture

It was fantastic. Brisbane, the Gold Coast, and Australia overall are incredible places to live and explore.

## Overall exchange experience

It was an excellent experience. The university was good, but the main highlight was the lifestyle and experiences that Australia offered.
