

# Universitat Pompeu Fabra (UPF)

Exchange semester	Autumn semester 2025
Study level	Undergraduate (Bachelor)
Home faculty at GU	School of Business, Economics and Law
Studies at GU	Bachelor of Science in Business and Economics, specialization in International Business

## Courses during exchange

- Psychology and Business,
- Human resources
- Social Psychology of Organizations and Entrepreneurship
- Innovation in the Third Social Sector

## Studies

The classes were smaller, which meant a higher level of active participation. We also had mandatory seminars every day, often involving discussions or presentations. Another major difference was the study structure: we took four courses in parallel and had final exams, whereas at GU we focus on one course at a time.

## Arrival, orientation and housing

My arrival went smoothly and everything worked out as planned. I settled in quickly and felt well prepared for the start of the semester.

## Finances

More or less the same for me.

## Life in a new country/culture

It was very positive. I made many new friends and gained new perspectives of life. I also worked along my studies, which made my time abroad even more meaningful.

## Overall exchange experience

Overall, it was an amazing experience that was both personally and academically rewarding.
