

University of Stavanger

Exchange semester	Autumn semester 2025
Study level	Undergraduate (Bachelor)
Home faculty at GU	IT-Faculty
Studies at GU	Cognitive science

Courses during exchange

- BPS210 - Work- and organisation psychology
- BPS220 – Health psychology
- GEN360 - Intersectionality - critical perspectives on inequality and power

Studies

The campus was big and everything was located at the same place with a big sports center and so on.

Arrival, orientation and housing

It went good, I participated in activities such as festivals, surfing-lessons and I had a fun time.

Finances

The rent for the small apartment was the same as a student-apartment in Gothenburg, but everything else is more expensive in Norway compare to Sweden, regardless if you're a student or not.

Life in a new country/culture

It was good! I loved the sportcenter, I meet a lot of new friends and I had good routines while living there.

Overall exchange experience

Really good! I would recommend everyone to take the change and do a exchange-semester!
