Studies

There were no exams, only essays. I had only 81 hours of scheduled teaching during the entire semester. Feedback on essays was thorough and specific. The university was a campus proper.

Arrival, orientation and housing

I arrived by plane, coach and bus. I lived in campus accommodation, which made it easy to settle in as my university was my landlord and my neighbours students.

Finances

The living costs were higher. The rent for a corridor room with shared bathroom and kitchen on campus was higher than for complete apartments in central Gothenburg, and did not include use of washing machines.

Life in a new country/culture

Very good. I travelled the country by coach and train and attended concerts and performances.

Overall exchange experience

Excellent.
